Professional Summary

Aspiring Junior Full-Stack Developer with hands-on experience building full-stack web applications using JavaScript, React, Node.js, and MongoDB. Skilled in responsive design, RESTful APIs, and modern frameworks like Next.js and Tailwind CSS. Passionate about building real-world projects and contributing to software teams.

Technical Skills

Languages: JavaScript (ES6+), HTML, CSS

Frontend: React.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB

Tools: Git, GitHub, Postman, VS Code

Projects

- Reddit Clone

Rebuilt key features of Reddit including post creation, commenting, and upvotes using React for frontend and Node/Express for backend. Used MongoDB for data storage and styled the UI with Tailwind CSS.

- E-Commerce Platform (Production-ready)

Developed a full-stack e-commerce site with product listings, cart functionality, user login, and secure checkout. Built using React.js for frontend and server-side rendering, with MongoDB for the database.

Education

High School Graduate, Nigeria

Awoyemi Olayemi - Junior Full-Stack Developer

(Expected Graduation or Completed)
